Khaing Zin Thein

Junior Digital Transformation Associate

PROFILE

Technology professional with hands-on experience in cloud infrastructure, IT operations, education technology, AI tools, and digital content creation. Interested in digital transformation, business technology, and using emerging technologies to improve processes and user experiences. Experienced in technical research, problem-solving, documentation, stakeholder communication, and independent project work. Strong willingness to learn and apply technology in business and operational environments.

WORK EXPERIENCE

ICT Coach June 2026 - Present

CIY CLUB Myanmar | Mandalay

Deliver technology and programming lessons using practical and project-based learning approaches. Explain technical concepts clearly to students with different levels of technical knowledge. Use technology and digital learning tools to support student engagement and learning outcomes.

Junior Cloud Engineer Feb 2025 - April 2026

B8 ICT Solutions | Remote

Supported cloud infrastructure and application operations using AWS and Linux environments. Assisted with deployments, monitored system performance, and helped troubleshoot technical issues. Maintained documentation and coordinated with team members to ensure smooth project execution.

Network Support Intern Mar 2024 - May 2024

Star Matrix Technology Company | Mandalay

Assisted engineers during network deployment projects, supporting coordination of installation tasks and documenting project activities. Helped troubleshoot technical issues, maintained records, and collaborated with team members to ensure smooth daily operations.
